

RoHS Directive 2011/65/UE and 2015/863/EU

We hereby declare, with legally binding effect, that the aluminum extruded profiles we currently supply to your company comply with the current **RoHS3 Directive 2015/863/EU** with all its amendments and additions to date, and therefore do not contain the following substances:

- lead, lead compounds and alloys (Pb)
- cadmium, cadmium compounds and alloys (Cd)
- mercury, mercury compounds and alloys (Hg)
- hexavalent chromium (Cr6+)
- polybrominated biphenyls (PBB) and polybrominated diphenyl ethers (PBDE)
- Di(2-ethylhexyl) phthalat (DEHP)
- Butylbenzylphthalat (BBP)
- Dibutylphthalat (DBP)
- Diisobutylphthalat (DIBP)

in such concentrations which are banned under the current **RoHS3 Directive**.

Kind regards.

Brescia, 8 November 2024
